

Deluxe Corporation: PPE and Sanitization Supplies

As part of our continuing effort to support financial institutions during COVID-19, Deluxe is pleased to announce the availability of many hard-to-find items that our customers need to continue their operations. Our corporate buying team is procuring these items in bulk quantities daily and since the financial industry is considered a critical business we are obtaining preferred status with our suppliers. These items are being procured with you in mind and are available through Deluxe Strategic Sourcing (DSS).

Last week, Deluxe began offering these products to its customers and sold out overnight but have been successful in acquiring additional supplies. Here is a sampling of the products currently available:

- Face masks
- Face shields
- Hand sanitizer
- Sanitizer packets
- Social distancing signage
- Social distancing stickers
- Teller safety barriers
- Thermometers
- Nitrile Gloves

Due to the high demand for these products, availability is subject to change; however, orders will ship immediately (or once the stock arrives). Pricing continues to change daily as we continue shopping the market and working with our suppliers. Please contact your rep for products and pricing that is up to date.

Stay Safe!

This pricing is good as of 5/4/2020. We update our prices regularly, so please check back often for most current pricing.

DELUXE is constantly shopping the market to provide the best pricing.

PLEASE NOTE: The pricing above reflects the excessive inbound air freight costs along with unprecedented demand which is driving up manufacturer costs on raw materials to exceptional levels.

5 Layers of Filtering Multiple Protection

Material: PP cotton, 2-layer melt-blown nonwoven filter, High-density non-woven fabric, Elastic band ear-loop

Protect yourself, your family, and your customers during this difficult time with this 5-filtration-layer KN95 Protective Face Mask. It meets all the KN95 standards with an extra filtration layer added. It is FDA Registered, and with 5 filtration layers (with an extra melt-blown nonwoven filter layer), it will keep out 95% of airborne particles for maximum protection.

The 5-Layer protective face mask is lightweight and comfortable, and its flexibility helps create a secure seal for the best possible protection.

Every 10 masks packed into a sealed bag with FDA/CE info printed, every 50 bags (500 masks) packed into a master carton
Carton size 50x28x33cm /19.6x11.0x12.9"
Weight 3.5kg /7.7lbs

The CDC identifies respirators approved under standards used in other countries that are similar to NIOSH-approved N95 respirators. CDC has determined these are suitable alternatives to provide protection during the COVID-19 response when supplies are short, when they conform to standards identified and provide a protection factor of at least 10. FDA does not object to importation and use of these respirators during the emergency.

[Strategies for Optimizing the Supply of N95 Respirators: Crisis/Alternate Strategies](#)

SIGNATURE _____

☐

Check this box to accept the KN95 as a suitable alternative to the N95 during the COVID-19 crisis.

Preserve-A-Mask™ Face Shield

Your first line of defense!

Preserve-A-Mask™
Face Shield
can be sanitized
and reused!

Preserve valuable medical masks.

Preserve-A-Mask™ Face Shield provides a barrier for medical workers working in environments where there is a risk of exposure to fluids to face or masks.

PROTECTIVE

Preserve-A-Mask™ Face Shield helps to provide face and eye protection as well as preserve the usability of face masks.

COMFORT

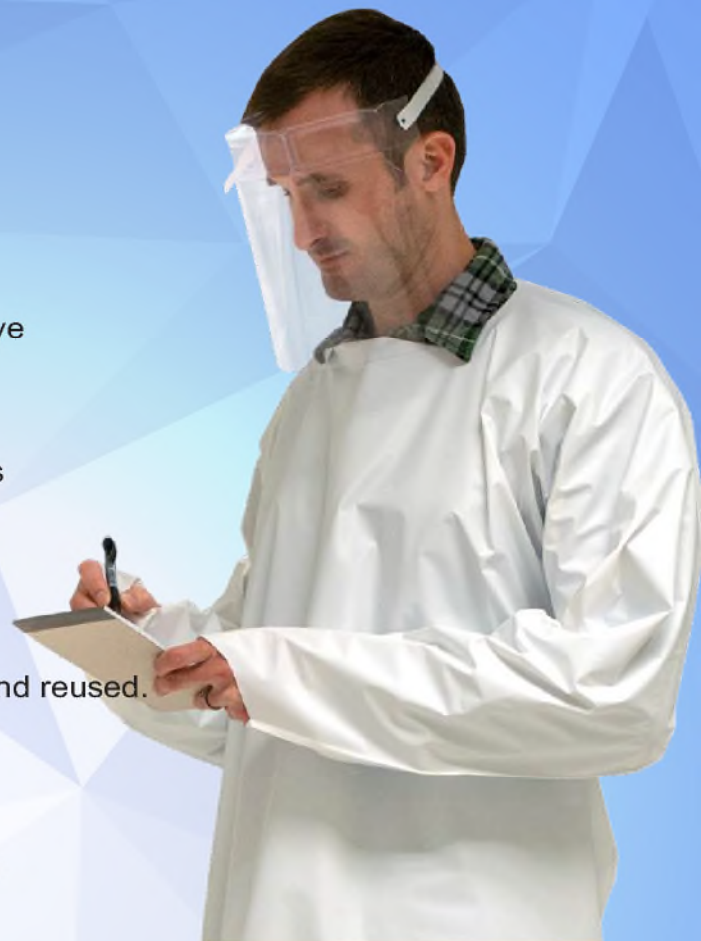

Preserve-A-Mask™ Face Shield has three formed brow pads that extend 1" from the forehead with upper vent slots to enhance comfort, increased airflow and maximum visibility by reducing condensation and fog.

REUSABLE

Preserve-A-Mask™ Face Shield can be cleaned, sanitized and reused.

CONSTRUCTION

- Constructed of PVC, vinyl and nylon.
- Design allows room for glasses or goggles
- Shield provides coverage without blocking peripheral vision
- Adjustable tab to securely hold shield in place
- Dimensions: 9" x 13" x 1"
- Bulk packaged in clear polybag inside box
- Ship Unassembled (Straps shipped bulk separately in sheets)
- Product shipped in bulk. 50 units per case.
- Shipped in full cases only. Two box minimum.

**Proudly
Manufactured
in Minnesota**
within a QCA Accredited Facility

Shield PEDAL ACTIVATED HAND SANITIZER STAND

Zero Touch. Zero Contamination.

Reduce the worry of contamination and prevent the spread of germs with the patented Shield dispenser. This dispenser uses a simple foot pedal to dispense hand sanitizer without the need for hand contact. It is sleek with a contemporary design, and will fit well in any environment. It functions as an independent stand and can also be bolted to the ground to prevent theft.

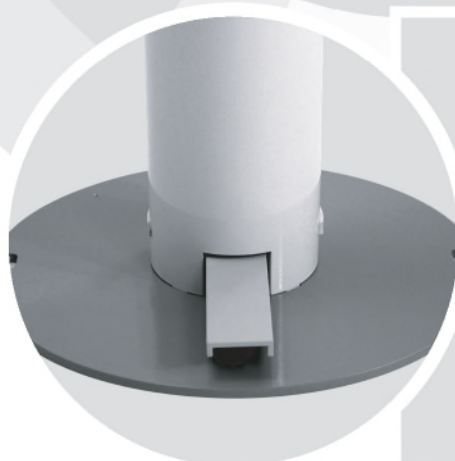

Key Benefits

- Pedal activated sanitizer station – simple & easy to use
- No contact with hands
- 100% mechanical – no batteries
- No installation required
- Universal bottle fit from 8oz (250ml) to 33oz (1 liter)
- Rust proof durable powder coated aluminum with steel base
- Multiple color options available (call for a quote)
- Optional customizable sign (additional cost applies) – Customize with logo, welcome message or use instructions.

Specifications

- Product number: 565176 (white w/ gray base)
- Height: 39.3"
- Tube diameter: 4.5"
- Inside diameter: 4.25"
- Base diameter: 13"
- UPC Code: 00813732013824
- Weight: 19lbs
- Assembly required

Description/Features

The Fandana is a 100% polyester microfiber all purpose unisex accessory. It has a tubular design which can be used as a bandana, headband, beanie, skullcap, scrunchie, neck warmer, muffler, armband, wristband, tube top, rally towel or belt. It's the perfect outdoor promotion for runners, walkers, hikers, cyclists, and fitness enthusiasts of all types. Also use it at sporting events, parties, outings, camping, team building exercises and other activities. The breathable polyester material is lightweight and comfortable, yet it wicks away moisture in the heat and insulates against cold when the weather turns. One size fits all. Price Includes: One color imprint on white Fandana on both sides. Full Bleed background imprint is available for an additional setup and run charge. Up to a Full Color, full bleed imprint available, add 3 additional run and setup charges. Hand Wash Prior to Use.

Colors Available

White

Setup Charge

Sublimation Setup Charge: \$55.00 (G) per color.

PMS Match

Please Note: Regarding color matching, dye-sublimation printing process uses a computer printer to generate a heat transfer to transfer the image onto fabric. Dye-sublimation printing machines use CMYO (Cyan Magenta Yellow Overcoating) colors, which differs from the more recognized CMYK colors in that the black is eliminated in favor of a clear overcoating. As a result, PMS inks cannot be matched exactly. They are only a reference point and an approximation. Factory will do it's best to match but cannot guarantee an exact color match.

Email Proof

Email Proof Charge: \$7.50 (G), add 2 days to production time.

We regret, due to supply chain disruptions caused by the Pandemic, air cargo rates are now astronomical and we can only honor current website pricing. Website pricing replaces all catalog, quotes or promotional pricing.

BIC® Antimicrobial Mouse Pad (7-1/2" x 8-1/2")
Only \$2.99(B) | Min. 100

The antimicrobial preservative incorporated into the surface of this mouse pad suppresses the growth of bacteria, fungi and house dust mites to keep your desk area cleaner. The protected polyester material withstands daily wear and tear while displaying brand messages in vivid 4-color process imprint.
Standard Production Time: 5 days
Mouse Pad Color: White
